### Answer With Explanation

#### 1. Answer: C

In part (c), the word 'assumed' has been mentioned which means there is one assumption in the sentence and for that there has to be one proposition. If you see carefully, the last part of (d) i.e. 'sleeping' is a verb and the first part of (c) i.e. 'unihemispherically' is an adverb and we know an adverb qualifies a verb, and hence c has to follow d. Therefore, we got one pair i.e. dc. Now, d and 'these findings' in part (b) is the proposition from which the assumption in (a) is derived because 'autopilot' in part (a) indicates 'the dolphins can swim while sleeping' in (d). Therefore d follows b and a follows c. Therefore, option (C) is the correct answer choice to this question.

#### 2. Answer: E

If we read all the sentences carefully, we might be able to say that the paragraph is an analysis of how birds might be able to sleep or rest while

flying. C introduces the paragraph by putting a generalized question which is answered in the other five sentences. CE makes a mandatory pair as E gives a possible answer to C. A takes the idea further by talking about "mallards" which is mentioned in E. B talks about "these findings" which refers to E and A. D comes at the fifth as it introduces a slightly different take on the issue (see "however" in D). F is at the end as it concludes the paragraph through the last part i.e. 'birds simply....in flight'. Thus, the correct sequence is CEABDF. Therefore, option (E) is the correct answer choice to this question.

#### 3. Answer: C

In the whole passage we are talking about how a bird can fly while sleeping. In sentence (F), we can definitely say that the discovery has raised a possibility that birds can give up sleep while flying. The word "renounce" means the same and hence it is the synonym of the word 'forgo'.

## Top Important Para Jumble Questions for IBPS PO Pre 2021

Captive – A person who has been imprisoned or confined.

Hinder – To obstruct

Keep – To have something

Possess – To take something for yourself.

Therefore, option (C) is the correct answer choice to this question.

### 4. Answer: E

If we read all the sentences carefully, we might be able to say that the paragraph is an analysis of how birds might be able to sleep or rest while flying. C introduces the paragraph by putting a generalized question which is answered in the other five sentences. CE makes a mandatory pair as E gives a possible answer to C. A takes the idea further by talking about “mallards” which is mentioned in E. B talks about “these findings” which refers to E and A. D comes at the fifth as it introduces a slightly different take on the issue (see “however” in D). F is at the end as it concludes the paragraph through the last part i.e. ‘birds simply....in flight’. Thus, the correct sequence is CEABDF. Therefore, option (E) is the correct answer choice to this question.

### 5. Answer: D

For nouns that indicate time, we need to use the possessive form.

The correct way of saying would be ‘in an hour’s time, in a decade’s time or in a week’s time’. We can also eliminate the word ‘time’ as it is redundant. The correct part would be ‘off half of the brain in one hour’ or ‘off half of the brain in

an hour’s time’.

Therefore, option (D) is the correct answer choice to this question.

### 6. Answer: A

The 4th statement in the rearrangement should be sentence B.

The statement B is introducing Indian Catholics but it is a continuation of the statement about the Pope's India visit. Hence it should be 4th in sequence after discussing the topic as an explanation of the Catholic Indians.

Sentence A discusses the Papal authority in the world.

Sentence B announces the various Indian Catholics

Sentence C discusses the writers’ thoughts on impact of Pope’s visit to Indian Catholics, which should be followed by Sentence B

Sentence D should be the last line in the paragraph sentence sequence as it discusses the contradiction with the word “However”.

Sentence E should be the start of the paragraph as it introduces the topic.

Sentence E introduces the topic “Pope’s visit to India” followed by sentence A which discusses the authority of the Pope in the religious world and explains the Catholics of the world followed by sentence C that mentions the impact of Pope’s visit in respect

to Indian Catholics while sentence B further elaborates on the same. Sentence B should be followed by sentence D that explains the

### 9. Answer: A

### 11. Answer: E

As per the arrangement, the last sentence is E, it is a conclusive sentence telling that last year what the operation 'SamudraSetu' has done. So E is the right answer.

### 12. Answer: B

After third sentence, the adjoining pairs are D-C: In the third sentence it is told where the ships of the navy entered and where they transformed the oxygen cylinders and vice versa.

D: What will Indian Navy's aim under this operation and it is informed through the Navy's spokesperson on twitter.

C: It tells us that the requirement of oxygen cylinders can't be carried on aircraft so water travel gains importance along with railways.

So option B is the right answer.

## Top Important Para Jumble Questions for IBPS PO Pre 2021

### 13. Answer: C

FBCDE is the full rearrangement excluding fix sentence A, which is already in first position

A: Starting sentence telling us about Indian Navy operation “SamudraSetu II” and its purpose

F: What the Indian Navy has done under this operation is been told

B: In the operation at present what has been done is told.

C: Under this operation what had been till present is informed by a navy spokesperson

D: Why the Indian Navy is transferring oxygen cylinder and medical equipment through waterways is told

E: In the last sentence it tells us that last year also this operation was launched and in this operation what Indian Navy has done is told.

**So option C is the right answer.**

### 14. Answer: D

The sentence implies that last year Indian Navy had launched Operation SamudraSetu as part of the Vande Bharat Mission and it returned its native country’s people approx. 4000 (3992) stranded and distressed Indian citizens from Maldives, Sri Lanka and Iran.

So here repatriated is the correct word to fit in the blank

Repatriated (v):

- Send someone back to their own country
- Return to one’s own country
- If a country repatriates someone, it sends them back to their home country

**So option D is the right answer.**

### 15. Answer: A

The sentence implies that all such containers carried on the aircraft across the country are empty as the oxygen-filled tanks cannot be transported by air. Thus, the naval operation gains **importance or priority** along with the ongoing efforts of the Railways. So as per the meaning prominence and eminence are correct here

Prominence (n): The state of being important, famous or noticeable

Importance (n): quality or state being important, the importance of something is its quality of being significant, valued or necessary in a particular situation

Astute (adj): having or showing ability to accurately assess situations or people and turn this to one’s advantage

**So option A is the right answer.**

**Directions (16-20):**

16. Answer: C

17. Answer: E

18. Answer: B

19. Answer: D

20. Answer: A

The correct arrangement is CEBDA. Sentence E cannot be used as a starter because ‘the animal’ is mentioned , that means the name or type of the animal should be mentioned in previous sentences, hence sentence C is the starter which sets the tone for the passage indicating building on fire and a cat was seen jumping,

followed by sentence E giving a little more detail about the video that was captured while the building was on fire.
